## **PREAMBLE OF THE CSRA REGIONAL COMMISSION**

**It is hereby affirmed that the local units of government in the CSRA have many common concerns that transcend their individual borders; the destinies of each unit rest with the interdependent actions of the family of local governments, which comprise the Central Savannah River Area. It is vital to retain local home rule while providing resources to meet area wide challenges beyond the capabilities of individual units; expansion of the concept of multi-county cooperation among units of local governments is an effective means of achieving this vital goal; and cooperation must be fostered in two ways, by strengthening the abilities of local governments to meet individual local needs and by developing an association of local government to meet common regional concerns.**

December 1, 2014

Burke

Chairperson, Council Members, Members of the Central Savannah River Area Regional Commission and Citizens of the CSRA

Columbia

Ladies and Gentlemen:

Glascok

We are pleased to present the Comprehensive Annual Financial Report (CAFR) of the Central Savannah River Area Regional Commission (the Commission) for the fiscal year (FY) ended June 30, 2104. State law requires the Commission to keep books of account reflecting all funds received, expended, and administered by the Commission which shall be independently audited at least once in each fiscal year. Such audit shall be conducted in conformity with generally accepted government auditing standards (GAGAS) by a licensed certified public accountant. This report is published to fulfill that requirement for the fiscal year ended June 30, 2104.

Hancock

Jefferson

Management assumes full responsibility for the completeness and reliability of all of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the Commission's comprehensive framework of internal controls is designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement.

Jenkins

Lincoln

Mauldin and Jenkins Certified Public Accountants, LLC has issued an unmodified ("clean") opinion on the Commission's financial statements for the fiscal year ended June 30, 2014. The independent auditor's report is presented as the first component of the financial section of this report.

McDuffie

The independent audit of the financial statements of the Commission was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing a Single Audit engagement require the independent auditor to report not only on the fair presentation of the financial statements, but also on the Commission's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports can be found in the single audit section of this report.

Richmond

Taliaferro

Management's Discussion and Analysis (MD&A) immediately follows the independent's auditor's report and provides a narrative introduction, overview, and analysis to accompany the basic financial statements. MD&A complements this letter and should be read in conjunction with it.

Warren

PROFILE OF THE CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION

Washington

The Central Savannah River Area Regional Commission succeeded the former Central Savannah River Area Regional Development Center (Center) effective July 1, 2009. The Official Code of Georgia Annotated (OCGA) Section 50-8-41 provided for this succession. All contractual obligations to employees, other duties, rights, and benefits of the Center automatically became duties, obligations, rights, and benefits of the successor Commission.

Wilkes

The Commission is a special purpose local government existing under the authority of Georgia law as provided for by the OCGA § 50-8-41. The responsibilities and authority of the Commission are contained in Sections 50-8-30 through 50-8-67 of OCGA. The Commission assists local governments in planning for common needs, cooperating for mutual benefit, and coordinating for sound regional development. Membership assessments, federal, state, local, and private grants/contracts finance operations of the Commission. Grants from federal, state, and other sources are the primary sources of revenues permitting the Commission to meet its responsibilities. The Commission's membership consists of the thirteen counties and thirty-nine cities in east Georgia, known as the Central Savannah River Area (CSRA). The Commission also is financially accountable for three legally separate corporations, all of which are reported separately within the Commission's financial statements. The Commission's component units operate collectively as CSRA Business Lending. Additional information about these legally separate entities can be found in Note I.B in the notes to the financial statements.

The Commission's Council is responsible for establishing policy and direction. The objectives of the Commission are to develop, promote, and assist in establishing coordinated and comprehensive planning in Georgia; to provide local governments on both an individual and regional basis with professional technical assistance to improve local government service programs; to provide professional technical assistance with the development, collection, compilation, and maintenance of a local information base and network; to manage those nonprofit corporations created by the Commission in accordance with Georgia law for the operation of revolving loan programs and function as a certified development company; and to function as the designated Area Agency on Aging (AAA) for the CSRA, responsible for identifying the needs of older CSRA residents, planning and coordinating regional aging services, advocating on behalf of older persons in need, and contracting with a network of agencies to provide direct services to the elderly in the CSRA.

With 5,146 square miles of land area in its jurisdiction, the Commission has a diverse group of constituents. The area consists of both urban and rural counties with the city of Augusta and Richmond and Columbia counties being predominantly urban. The fortunes of the Augusta urban area tie closely to the fortunes of both the CSRA rural counties and the urban area in South Carolina. According to U.S. 2010 Census, the CSRA had a population of 454,901. Approximately 346,477 persons or 76.17% reside in the urbanized areas within Richmond, Columbia, and McDuffie Counties. Most of the region's growth has occurred in and around the Augusta metropolitan area.

#### FACTORS AFFECTING FINANCIAL CONDITION

The availability of State and Federal funding to the support activities undertaken by the Commission to assist its members directly affects the Commission's financial position. The Commission derived over ninety-seven percent of its income in Fiscal Year (FY) 2104 through intergovernmental grants and contracts. This percentage is consistent with prior years. The Commission's continued success is dependent upon its ability to continue providing services in a wide variety of programmatic areas to meet the needs of our members. The leveraging of members' assessments is important to the financial success of the Commission. The Commission generated almost \$21 for every one dollar in assessments collected. Without this advantage the Commission could not succeed in providing the level of services demanded by its members.

Due to the nature of the Commission's major activities, a significant portion of the Commission's State and Federal funding is driven by the economic condition and success of its member governments and the populace. Therefore, the financial condition of the Commission and its revenues are also driven by the economic success or failure of the Commission's members and populace.

Due to the swings in availability of State and Federal funding, the Commission strives to maintain a sufficient level of liquid net position to meet its obligations as they become due. The Commission must also maintain a high level of liquid assets due to its dependency on State and Federal grants and contracts.

Most all of these grants and contracts operate on a reimbursable basis with an average collection period of forty-five to sixty days. The Commission is not empowered to borrow funds.

While the nation as a whole continues to experience economic turmoil the urban areas of the CSRA are faring better. However, the rural areas of the CSRA continue to face unprecedented unemployment rates as local businesses continue to struggle. Meanwhile, many of these same communities, working with state partners, developed Community of Opportunity plans and became certified as Work Ready communities. The loss of employers has left the region with an ample supply of qualified, capable, and ready employees. Through local planning and development efforts, the CSRA's communities are prepared to move forward as economic recovery begins. Helping our communities capitalize on anticipated future economic growth is a primary focus. Staff members provide a wide variety of services to our members in all areas of local governance. It is the intermingling of these services that fosters not only the quality of life within the region, but also the opportunities for local and regional economic growth and success.

#### LONG-TERM FINANCIAL PLANNING

Due to the Commission's significant dependency on intergovernmental revenues, the long-term financial sustainability of the Commission is directly related to continuing to meet the needs of its member governments. The Commission works diligently through close interaction with local officials to learn of their needs and work with them to achieve successes. The Commission provides updates of its activities through quarterly and annual reports.

A major initiative of the Commission is the development of *CSRA Regional Plan 2035 – Regional Assessment Stakeholder Involvement Program* ('the plan'). The Plan is the long-range plan for the management of the region's projected growth by local governments and the CSRA Regional Commission. The Plan's horizon is twenty years but will be updated in ten years to address changing regional conditions. The process is divided into three distinct parts, per the Regional Planning Requirements established by the Georgia Department of Community Affairs (DCA):

- ✚ Regional Assessment: Identification and analysis of existing conditions using available data
- ✚ Stakeholder Involvement Program: Strategy for public participation in the development of the Regional Agenda
- ✚ Regional Agenda: Regional vision and implementation program

The resulting analysis will assess the state of the region's socioeconomic, land use, and environmental opportunities and threats. The CSRA's vision and goals, together with an appraisal of the region, will set the strategic direction for the regional agenda. The regional agenda establishes program priorities for implementation.

#### MAJOR INITIATIVES OF THE COMMISSION

During FY 2014, the Regional Commission worked with a number of our member governments in a wide variety of projects that are expected to create hundreds of jobs throughout the region during the coming year. Short-term recovery is expected to go slowly, but through the Commission's regional leadership and assistance, our jurisdictions should be well poised to take advantage of long-term growth as it unfolds. The Commission is committed to ensuring that our local governments are prepared to take advantage of growth opportunities as they present themselves in the coming years.

- ✚ Commission staff successfully implemented the Workforce Investment Act program for Augusta-Richmond and Burke Counties. The program provides training and job skills for unemployed and underemployed adults and youth.
- ✚ Local Government Services (LGS) staff successfully implemented two Community Housing

Investment Program projects for the cities of Sandersville and Wadley resulting in \$306,000 grant awards for each community.

- ✦ During FY2014, the CCSP program served 843 clients in the community instead of a nursing facility, saving over \$12 million Medicaid dollars.
- ✦ Community Development staff worked with city and county emergency management and public safety officials to finalize 5 Hazard Mitigation Plans for Washington, Warren, Wilkes, Glascock and McDuffie counties.
- ✦ Staff prepared plans for the Thomson-McDuffie Downtown Depot and Walkway Revitalization and the City of Harlem Active Transportation Initiatives. Each project received a National Award for Innovation from the National Association of Development Organizations.
- ✦ The AAA's Nutrition Services Program worked side by side with 21 region wide sites to provide 191,557 congregate and home delivered meals to seniors in the east central Georgia region at a net cost of \$776,550.
- ✦ Economic Development staff continued to provide project consultation, grant writing assistance, and administration of state and federal funding to local governments, and administered more than \$2.7 million in economic development grant funds for member jurisdictions creating and/or retaining more than 600 jobs.
- ✦ Community Development staff secured \$2.6 million in Community Development Block Grant funds for the cities of Louisville, Millen, and Thomson and Washington County.
- ✦ The AAA continued to operate the Community-based Care Transitions Program (CCTP) which helps individuals with complicated care needs and their family caregivers receive specific tools to learn self-management skills that will aid them in their transition from a hospital to their home setting.

The Commission has served the cities and counties of the Central Savannah River Area for the past 52 years. The Regional Commission (formerly the Area Planning and Development Commission and the Regional Development Center) served as the convener of the region by assisting local governments overcome political boundaries to capitalize on the area's natural, historical, and demographic assets. Through the Commission's presence, local governments were able to work together to improve living conditions, create and retain jobs, and protect access, both economically and recreationally, to the region's vast natural resources.

Whether staffing regional entities such as the Unified Development Council, the Unified Development Authority, or the Transportation Investment Act of 2010's Regional Roundtable, the Commission continues to play an integral role in fostering the region's economic vitality. Since 1962, member governments have actively turned to the CSRA Regional Commission to navigate public sector challenges. For 52 years, the Commission has provided planning, management and information services to our members in a professional, ethical, cost effective and efficient manner; and served as a forum for addressing local government and its citizens' needs as originally dictated by our mission.

The Commission publishes a detailed report of all activities annually. This year's Annual Report theme is "One Region, Many Partners." Cities and counties in the Commission's service area have long recognized the importance of working collaboratively to solve problems, address issues, and create opportunities for local and regional growth. Local chambers of commerce work together under the umbrella of the Augusta Regional Development Alliance. Likewise, each of the region's thirteen counties participates in the Unified Development Authority. These two groups serve as voices for local and regional needs at the

state and federal level.

The Clarks' Hill Partnership strives to promote the lake from a tourism and economic development perspective. The CSRA Alliance for Fort Gordon promotes opportunities for mission growth and enhanced quality of life for Fort Gordon's soldiers, civilians, and their families. The CSRA Regional Commission works hand in hand with each of these public and private partnerships on a daily basis. The quality of life for the 500,000 people who call the CSRA home is a primary focal point of each city, county, development authority, chamber of commerce, and partnership or alliance. While there are multiple partners engaged in this endeavor, we all work as one region to enhance quality of life and economic growth region-wide. Copies of annual report can be obtained directly from the Commission or by accessing on the Commission's web site [www.csrarc.ga.gov](http://www.csrarc.ga.gov).

#### AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Commission for its comprehensive annual financial report for the year ended June 30, 2013. The Certificate of Achievement is a prestigious national award-recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, the Commission published an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. The Commission has received a Certificate of Achievement for the past twenty-one years. We believe that our report continues to conform to the Certificate of Achievement program's requirements, and therefore, we are submitting it to GFOA.

The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the finance and administration department. The Executive Director and the Board of Directors are also commended for their interest and support in planning and conducting the financial operations of the Commission in a responsible and progressive manner.

Respectfully Submitted,

Andy Crosson

## INDEPENDENT AUDITOR'S REPORT

---

**To the Council Members  
Central Savannah River Area  
Regional Commission  
Augusta, Georgia**

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **Central Savannah River Area Regional Commission** (the "Commission"), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

---

**Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Central Savannah River Area Regional Commission as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Matters***Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 15 – 24) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Central Savannah River Area Regional Commission's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, supplemental schedules, and the statistical schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

---

The combining and individual nonmajor fund financial statements, supplemental schedules, and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, supplemental schedules, and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 26, 2014, on our consideration of the Central Savannah River Area Regional Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Central Savannah River Area Regional Commission's internal control over financial reporting and compliance.

*Mauldin & Jenkins, LLC*

Macon, Georgia  
November 26, 2014

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Central Savannah River Area Regional Commission (Commission), we offer readers of the Commission's financial statements this narrative overview and analysis of the financial activities of the Commission for the fiscal year (FY) ended June 30, 2014. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Commission's financial statements, which follow this narrative.

### FINANCIAL HIGHLIGHTS PRIMARY GOVERNMENT

- The assets of the Commission exceeded its liabilities at the close of the fiscal year by \$2,924,367 (*net position*). Of this amount, \$2,810,205 (unrestricted net position) is available to meet the Commission's ongoing obligations.
- Net position increased by \$130,618 compared to an increase of \$149,488 for the prior year.
- Expenses of governmental and business activities exceeded program revenues by \$377,706. Member assessments covered this deficit. The remaining member assessments of \$77,195 (\$454,901 - \$377,706) plus investment income of \$53,423 represents the \$130,618 net change in position. This analysis is in accordance with the Commission's policy to first apply cost-reimbursement grant resources, followed by local grants or contracts, and then by general revenues.
- As of the close of the current fiscal year, the Commission's governmental funds reported combined ending fund balances of \$2,477,395 an increase of \$146,528 from the prior year. This entire amount is *unassigned* and is available to meet the Commission's ongoing obligations.

### FINANCIAL HIGHLIGHTS COMPONENT UNITS (CUs)

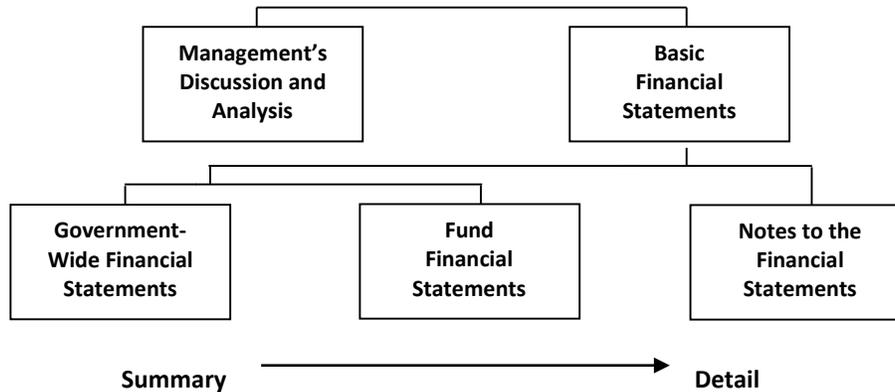

- The assets of the CUs exceeded their liabilities at the close of the fiscal year by \$4,624,328 (*net position*). Of this amount, \$4,614,821 (unrestricted net position) is available to meet ongoing obligations.
- The CUs net position increased by \$145,469, an increase of \$14,143 over the prior year.
- Operating revenues decreased \$141,086 and operating expenses decreased \$156,606.
- Long-term debt decreased \$172,986 due to continuing annual note payments and the payoff of Fund IV loan.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Commission's basic financial statements. The Commission's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Commission with government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Commission. See figure 1 on the next page.

## Required Components of Annual Financial Report

Figure 1

### BASIC FINANCIAL STATEMENTS

The first two statements (pages 26 through 28) in the basic financial statements are the Government-wide Financial Statements (GWFS). They provide both short and long-term information about the Commission's financial status. The GWFS include not only the Commission itself, but also its Component Units (CUs). These CUs, even though they are legally separate, are included in the basic financial statements because the Commission is financially accountable and appoints their governing board. The next statements (pages 29 through 37) are Fund Financial Statements. These statements focus on the activities of the individual parts of the Commission's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the proprietary fund statements; 3) the fiduciary fund statements; and 4) the combining statements for the discretely presented CUs.

The next section of the basic financial statements is the notes. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, supplemental information is provided to show details about the Commission's operations, programs, and activities.

### GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide the reader with a broad overview of the Commission's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the Commission's financial status as a whole.

The two government-wide statements present the Commission's net position and explain how they have changed. Net position is the difference between the Commission's total assets, liabilities, and deferred inflows/outflows. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Commission is improving or deteriorating.

The government-wide statements are divided into two categories: 1) governmental activities and 2) business-type activities. The governmental activities include most of the Commission's basic services such as aging services, regional transportation services, planning & zoning, services to member governments, and support. Member assessments and Federal, State, and contracts from other governments finance these activities. The business-type activities are those for which the Commission charges a fee to customers (Herman Lodge Micro Loan Fund).

### FUND FINANCIAL STATEMENTS

The fund financial statements provide a more detailed look at the Commission's activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Commission, like all other governmental entities in Georgia, uses fund accounting to ensure and

reflect compliance (or non-compliance) with finance-related legal requirements. All of the funds of the Commission are divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds** – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Commission’s basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash and the amount of funds left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*. This method also has a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are financial resources available to finance the Commission’s programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

An internal operating budget for the general, grants and contracts, and internal service funds is prepared by the Commission for management purposes. The budget is not subject to review or approval by the Legislature of the State of Georgia and, therefore, is not considered a legally adopted budget.

**Proprietary Funds** –The Commission maintains two different types of proprietary funds. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Commission uses an enterprise fund to account for the operation of its micro loan program. *Internal service funds* are an accounting device used to accumulate and allocate cost internally among the Commission’s various grants and contracts. The Commission uses an internal service fund to account for indirect costs, payroll and fringe benefit payments and their allocation, and the receipt and disbursement of all the Commission’s funds. Because these services predominantly benefit governmental rather than business-type functions, the Internal Service Fund is reported with governmental activities in the government-wide financial statements.

**Fiduciary Funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside the Commission. The Commission has two fiduciary funds: one pension trust fund and one agency fund.

**Notes to the Financial Statements** – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 38 of this report.

**Other Information** – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the Commission’s programs, activities, and operations.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In this case, the Commission’s assets exceed liabilities by \$2,924,367 at the close of June 30, 2014, an increase over the prior year.

**Central Savannah River Area Regional Commission**  
**Net Position – Primary Government**  
**Figure 2**

Primary Government								
	Governmental Activities			Business-type Activities			Total	
	2014	2013	Change	2014	2013	Change	2014	2013
Current and other assets	\$ 5,256,165	\$ 4,751,633	\$ 504,532	\$ 150,719	\$ 166,629	\$ (15,910)	\$ 5,406,884	\$ 4,918,262
Capital assets	114,162	51,414	62,748	-	-	-	114,162	51,414
Total assets	\$ 5,370,327	\$ 4,803,047	\$ 567,280	\$ 150,719	\$ 166,629	\$ (15,910)	\$ 5,521,046	\$ 4,969,676
Long-term liabilities	\$ 111,793	\$ 105,157	\$ 6,636	\$ -	\$ -	\$ -	\$ 111,793	\$ 105,157
Other liabilities	2,484,886	2,070,770	414,116	-	-	-	2,484,886	2,070,770
Total Liabilities	2,596,679	2,175,927	420,752	-	-	-	2,596,679	2,175,927
Net position:								
Investment in capital assets	114,162	51,414	62,748	-	-	-	114,162	51,414
Unrestricted	2,659,486	2,575,706	83,780	150,719	166,629	(15,910)	2,810,205	2,742,335
Total net position	\$ 2,773,648	\$ 2,627,120	\$ 146,528	\$ 150,719	\$ 166,629	\$ (15,910)	\$ 2,924,367	\$ 2,793,749

A small portion of the net position, \$114,162 (4.12%), reflects the Commission's net investment in capital assets (e.g. vehicles, office furniture and equipment). The Commission uses these capital assets to support staff. These assets are not available for future spending. The remaining portion of the Commission's net position, \$2,810,205 is available to meet the Commission's ongoing obligations to members and creditors.

The Commission finances ninety-seven (97%) of its services through intergovernmental grants and contracts and, as a result, growth in net position is limited. The majority of these grants and contracts operate on a reimbursable basis (revenues are limited to the actual costs incurred). Receivables, loans receivable, amounts due from component units, and prepaid items represent forty-eight percent (48%) or \$2,515,850 of the Commission's current assets. The average collection period ranges from forty-five to sixty days, requiring the Commission to maintain sufficient levels of cash to support current obligations. *The Commission does not possess the corporate power to borrow therefore, it must maintain a sufficient level of net position to sustain and support continued growth in services to members.*

<b>Net position - ending</b>	<b>\$ 2,773,648</b>	<b>\$ 2,627,120</b>	<b>\$ 146,528</b>	<b>\$ 150,719</b>	<b>\$ 166,629</b>	<b>\$ (15,910)</b>	<b>\$ 2,924,367</b>	<b>\$ 2,793,749</b>

Governmental activities increased the Commission's net position by \$146,528 while business activities used \$15,910 resulting in a net growth in net position of \$130,618. In accordance with the Commission's policy to first apply cost-reimbursement grant resources, followed by local grants or contracts, and then by general revenues this increase represents remaining member assessments plus investment income less loss on equipment retirement to fund current operations.

The Commission's \$146,528 increase in governmental activities for FY14 is a \$27,589 decrease from FY13. Except for the coordinated regional transportation, contracts for the preparation of hazard mitigation plans, and preparation of block grant applications, all of the Commission's Federal and State grants/contracts are reimbursement based; meaning revenues are limited to expenses. Continued growth and stability in net position is dependent upon the successful management of grants/contracts.

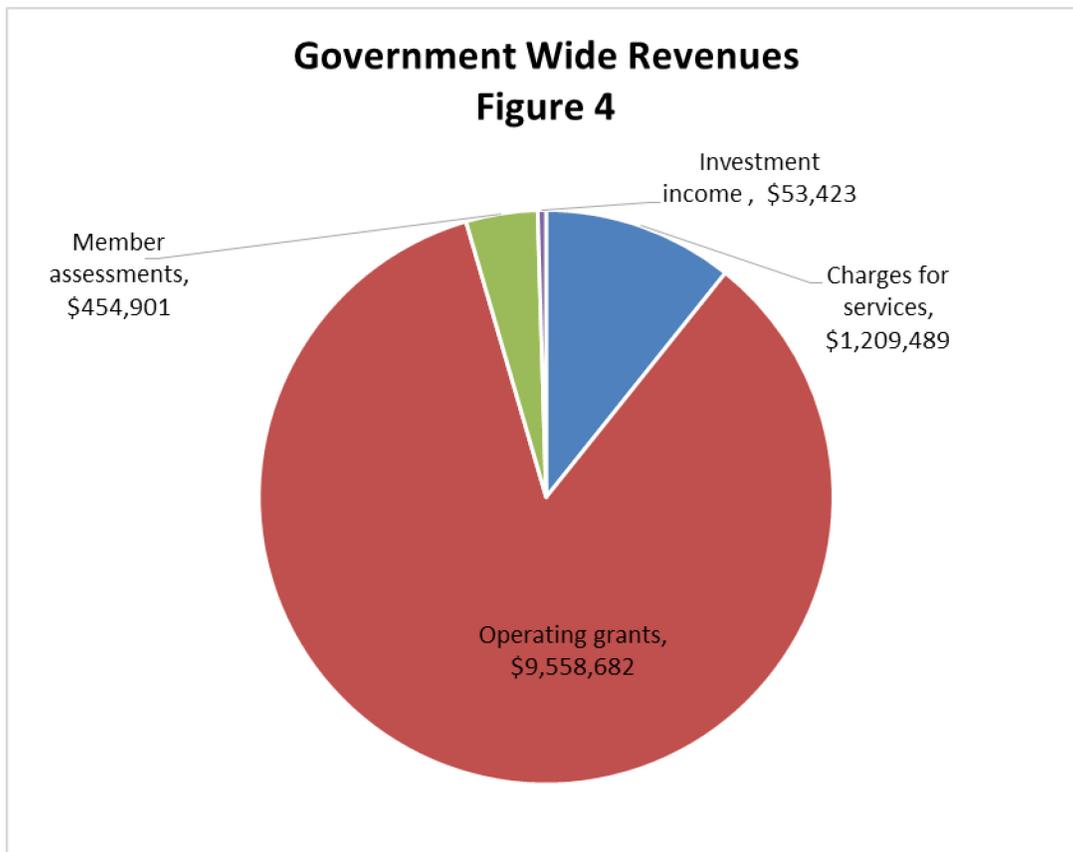

Governmental revenues for FY14 increased \$1,327,273 compared to a decrease of \$477,818 for FY13. Charges for services increased \$24,759 and operating grants increased \$1,243,093. Operating grants decreased \$469,800 for aging services, a continuing trend, and \$3,975 for planning services. The aging decrease is consistent with Federal sequestration spending reductions, while the planning decrease is due to grant utilization. Beginning July 1, the Commission became the designated recipient for the workforce investment act grant (WIA). Resulting in the increase in operating grants of \$1,672,697.

Charges for services increased \$86,170 for aging services as the result of increased fees and \$36,543 for management of the local development companies as the result of increased operating costs. (Revenues for this

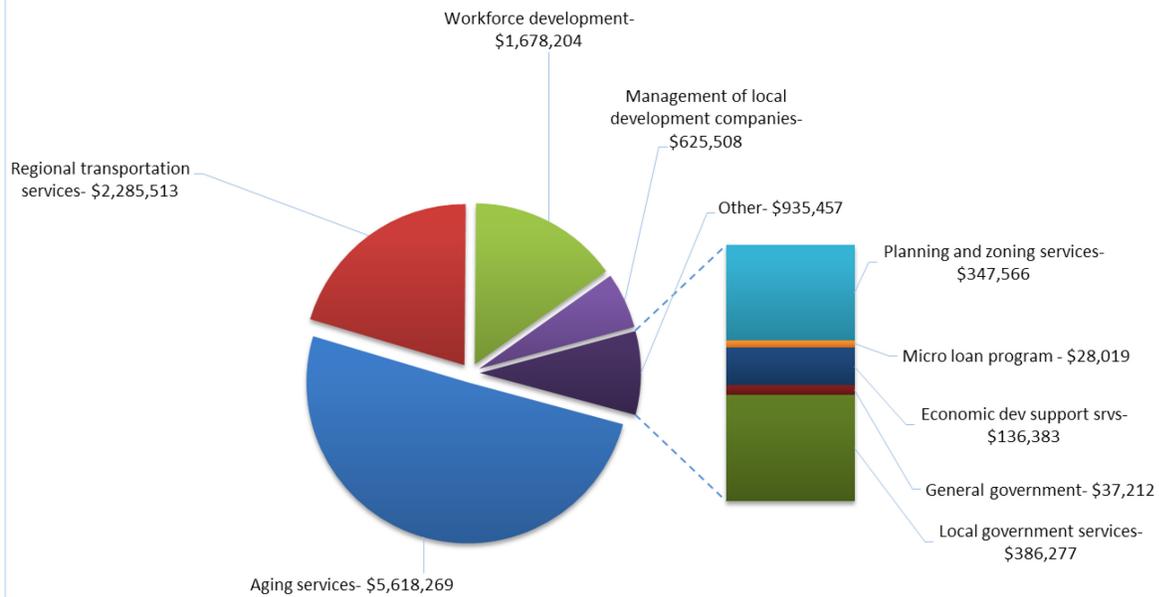

activity, paid by the component unit, always equal the cost.) Planning services decreased \$51,562 due to fewer specialized service contracts. Governmental services decreased \$40,907 because of less activity in grant administration activities. Investment income is the direct result of the Commission's investment in fixed income investments the value of which increase significantly over the prior year-end.

Governmental expenses increased \$1,354,862 compared to a decrease of \$471,879 for FY13. The majority of the increase is the \$1,678,204 WIA increase and the \$397,205 decrease for the aging program. Overall changes in functional expenses generally mirrored changes in operating grants and charges for services for activities identified in the above paragraph.

Business-type activities decreased the Commission's net position by \$15,910 compared to a decrease of \$24,629 for FY13. The Herman Lodge Micro Loan Program (MLP) accounted for all of the decrease. Charges for services in the MLP remained relatively stable decreasing \$1,415 compared to a decrease of \$1,973 for FY13. Reduced interest income from loans caused this decrease. Expenses decreased \$10,134 due to decrease personnel costs of \$6,713 and allocated costs of \$3,034.

Interest	22,812	25,432	(2,620)
<b>Total expenses</b>	<b>813,178</b>	<b>969,784</b>	<b>(156,606)</b>
<b>Change in net position</b>	<b>145,469</b>	<b>131,326</b>	<b>14,143</b>
<b>Net position - beginning</b>	<b>4,478,859</b>	<b>4,347,533</b>	<b>131,326</b>
<b>Net position - ending</b>	<b>\$ 4,624,328</b>	<b>\$ 4,478,859</b>	<b>\$ 145,469</b>

The CUs' total net position increased by \$145,469 compared to an increase of \$131,326 FY13, even though overall revenues decreased.

Interest from program loans decreased due to interest rate adjustments for existing loans, lower rates for new loans, and payoffs and liquidations. Late charges remained flat reflecting a consistency in the timeliness of payments. Servicing increased due to an overall increase in the number of loans in the portfolio. Processing and servicing fees are a percentage of the Small Business Administration's (SBA) 504 loan amount. Processing fees decreased primarily due to receipt in FY13 of a \$72,600 fee for one loan. Generally, individual processing fees are average \$6,500. Processing fees are not received until the 504 debenture is closed and sold resulting in variations year to year. The CSRA Local Development Corporation (CSRA LDC) processed thirty-one (31) new loans for a total of \$21,605,900 during FY14 and lost seventeen (17) due to payoffs and liquidations. The CSRA LDC is now receiving servicing fees on two hundred and seventeen (217) loans compared to two hundred nineteen (219) the prior year. Servicing fees are received over the life of the loan. Therefore, the level of servicing fees has a linear growth over time.

Operating expenses decreased primarily because of significant decreases in legal fees \$12,975, travel \$12,844, early payment penalty \$52,002, and bad debts \$109,661, while compensation and the related cost allocation from the Commission's indirect cost fund increased \$36,545. Legal fees vary based on the number of loans closing each year. The decrease in bad debts reflects the overall improvement of the economy. Interest expense is less due to continuing principal reductions

SBA regulations allow the CSRA LDC to operate anywhere in Georgia. The regulations not only allow the CSRA LDC to compete anywhere in Georgia but also allows other certified development companies (CDC) operating in Georgia to compete in the Commission's operating area. Due to a continuing and strong marketing program, the CSRA LDC is making a strong penetration into other areas of Georgia, especially in the metro Atlanta area. The number of loans outside its original operating area evidences of this. SBA approved twenty-five (25) loans, seventeen (18) outside the CSRA area compared to twenty-seven (27) loans in FY13, seventeen (17) outside the CSRA area.

#### FINANCIAL ANALYSIS OF THE COMMISSION'S FUNDS

As noted earlier, the Commission uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Commission maintains two governmental funds a *general fund* and *grants and contracts fund*. The focus of the Commission's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources.

Due to the nature of the Commission's operations, the only reconciling items between the GWFS Statement of Net Position and the governmental funds Balance Sheet is the net position (\$296,253) of the internal service fund included as a governmental activity in the GWFS. There are no reconciling item between GWFS Statement of Activities and the governmental funds operating statement. Due to the nature of the Commission's operations, the information in the governmental funds statement is not significantly different from that in the GWFS. Governmental fund balances increased by \$146,528 just as in the GWFS. The Commission operates its grant and contract fund on a breakeven basis transferring funds as needed from the general fund to cover deficits and transferring the excess of fixed fee revenues over expenditures to the general fund. As a result, the \$146,258 increase in the general fund balances represents member assessments available to fund future operating periods.

The Commission's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Factors concerning the operations of the proprietary funds are addressed in the discussion of the Commission's business-type activities. The net position of the of indirect cost fund did not change. Total indirect costs increased \$70,589. Personnel costs and real estate rentals represent substantially all of this increase.

Net position held in trust for participants increased \$1,170,285 from \$6,285,786 to \$7,456,071. Investment gain was \$1,141,482 compared to \$647,270 for FY13. The remaining increase is represented by contributions of \$392,271 less distributions to participants of \$363,468. The investment gain was consistent with the gains in the overall market during the fiscal year.

#### CAPITAL ASSETS

The Commission's capital assets for its governmental and business-type activities as of June 30 are \$114,162 (net of accumulated depreciation). These assets include furniture, fixtures, equipment, vehicles, and leasehold improvements. Capital assets are defined by the Commission as assets with an initial, individual cost of more than \$2,500 and an estimated useful life in beyond one year are defined as capital assets. Most of the Commission's capital purchases are below this threshold. Therefore, over time the Commission's investment in capital assets will generally decline.

Additional information on the Commission's capital assets can be found in note 1.I and 3.D of the basic financial statements.

**ECONOMIC FACTORS AFFECTING THE COMMISSION'S FUTURE**

The Commission's financial position is directly affected by the level of State funding and Federal appropriations available for those activities undertaken by the Commission to assist its members. The Commission derived over ninety-seven percent of its income from Federal and State grants. The Commission's continued success is dependent upon its ability to provide services in a wide variety of programmatic areas to meet the needs of its members.

**REQUESTS FOR INFORMATION**

This report is designed to provide an overview of the Commission's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be addressed to L. Mack Shealy, CPA, CGMA, CGFM, CICA, CFO, at 3023 River Watch Parkway, Suite A, and Augusta, Georgia 30907-2016.

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**NOTE 1 –SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***A. DESCRIPTION OF THE GOVERNMENT-WIDE FINANCIAL STATEMENTS***

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Central Savannah River Area Regional Commission (“the Commission”) and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by member assessments, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the Commission is reported separately from certain legally separate component units for which the primary government is financially accountable.

***B. REPORTING ENTITY***

The Central Savannah River Area Regional Commission succeeded the former Central Savannah River Area Regional Development Center (Center) effective July 1, 2009. The Official Code of Georgia Annotated (OCGA) Section 50-8-41 provided for this succession. All contractual obligations to employees, other duties, rights, and benefits of the Center automatically became duties, obligations, rights, and benefits of the successor Commission.

The Commission is a special purpose local government existing under the authority of Georgia law as provided for by the OCGA § 50-8-41. The responsibilities and authority of the Commission are contained in Sections 50-8-30 through 50-8-67 of OCGA. The Commission assists local governments in planning for common needs, cooperating for mutual benefit, and coordinating for sound regional development and is the designated Area on Aging Agency (AAA) for the local area. Membership assessments, federal, state, local, and private grants/contracts finance operations of the Commission. Grants from federal, state, and other sources are the primary sources of revenues permitting the Commission to meet its responsibilities.

County members of the Commission are Burke, Columbia, Glascock, Hancock, Jefferson, Jenkins, Lincoln, McDuffie, Richmond, Taliaferro, Warren, Washington, and Wilkes Counties. Municipalities members are: Waynesboro, Midville, Sardis, Girard, Keysville, Grovetown, Harlem, Gibson, Edge hill, Mitchell, Sparta, Louisville, Wrens, Wadley, Stapleton, Bartow, Avera, Millen, Lincolnnton, Thomson, Dearing, Hephzibah, Blythe, Crawfordville, Sharon, Warrenton, Norwood, Camak, Davisboro, Deepstep, Harrison, Oconee, Riddleville, Sandersville, Tennille, Washington, Tignall, and Rayle. As provided by law these members pay mandatory dues in support of the Commission (see Note 4.A).

The Commission is fiscally independent of other state and local government units and as such is considered a primary government. The Commission’s financial statements include the accounts of all the Commission’s operations and its component units (CUs), entities for which the Commission is considered to be financially accountable.

CSRA Resource Development Agency, Inc., CSRA Local Development Corporation, Inc., and CSRA Rural Lending Authority, Inc. are included as CUs. The Commission’s Council (board of directors) appoints and has the authority to remove at will the directors of each corporation. These separate organizations do meet the financial accountability criteria described in GASB Statement 14, as amended by GASBs 39 and 61 and are included. The nature and significance of the relationship of these separate organizations with the Commission are such that exclusion would cause the Commission’s financial statements to be incomplete. The Georgia Attorney General in his Official Opinion 96-8 dated May 9, 1996, stated, “It is my official opinion that an RDC [Center] lacks authority to abrogate its duty to be accountable for the nonprofit corporations it is authorized to create.” See Note 2.C.

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

The CUs are discretely presented, meaning their combined totals are reported in a separate column in the government wide financial statements to emphasize they are legally separate from the Commission. Combining statements are included in the basic financial statements following the fund statements. Each CU is operated and administered under a contractual arrangement with the Commission. The president, executive vice president, and assistant secretary of each of the CUs are employees of the Commission and receive no compensation directly from the CUs. The CUs do not issue separate financial statements.

*Discretely Presented Component Units*

The CSRA Resource Development Agency, Inc. (CSRA RDA) was organized pursuant to the Georgia Nonprofit Corporation Code (GNPCC) on October 24, 1979 and is exempt from income taxes under Internal Revenue Code (IRC) Section 501(c) (3). CSRA RDA's principal objective and purpose is to operate a revolving loan fund. CSRA RDA makes loans to eligible applicants in areas exhibiting long-term economic deterioration. CSRA RDA's initial capitalization was obtained through a grant from the U.S. Department of Commerce, Economic Development Administration.

The CSRA Local Development Corporation Inc., (CSRA LDC) a U.S. Small Business Administration (SBA) Certified Development Company (CDC) was organized pursuant to the GNPCC on February 3, 1981 and is exempt from income taxes under IRC Section 501(c) (3). CSRA LDC's principal purpose is to assist eligible businesses with financing to maintain and/or create jobs. CSRA LDC provides financing assistance by packaging loans through the U.S. Small Business Administration's (SBA) 504 and 7A Guaranteed Loan Programs. CSRA LDC provides loans backed by a 100 percent SBA-guaranteed debenture with a junior lien covering up to 40 percent of the total project cost. CSRA LDC also operates a direct loan program utilizing excess fees generated from its 504 program. See Note 3.H.

The CSRA Rural Lending Authority, Inc. (CSRA RLA) was organized pursuant to the GNPCC on December 11, 1990 and is exempt from income taxes under IRC Section 501(c) (3). CSRA RLA's purpose is to operate an intermediary relending program (revolving loan program) and to make loans to eligible applicants in rural areas. CSRA RLA is capitalized with low interest loans from the Farmers Home Administration (FHA) Intermediary Relending Program.

***C. BASIS OF PRESENTATION – GOVERNMENT-WIDE FINANCIAL STATEMENTS***

While separate government-wide and fund financial statements are presented, they are interrelated. The statement of net position and the statement of activities display information about the primary government. These statements include the financial activities of the overall government and distinguish between governmental and business-type activities of the Commission. Governmental activities are financed through member assessments, intergovernmental revenues (grants and contracts), and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Commission and for each function of the Commission's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, member assessments and interest, are presented as general revenues.

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

The effect of interfund activity has been eliminated from the government-wide financial statements.

***D. BASIS OF PRESENTATION – FUND FINANCIAL STATEMENTS***

The fund financial statements provide information about the Commission's funds. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds. In addition to the general fund the Commission has only one other governmental fund.

Proprietary fund operation revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The Commission reports the following major governmental funds:

The General Fund is used to account for all non-specific financial resources and those not accounted for in other funds. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Georgia.

The Grants and Contracts Fund is used to account for all the Commission's grants and contracts undertaken to carry out the functional responsibilities of the Commission. Within this fund the Commission maintains records on a functional level.

The Commission reports the following major proprietary funds.

Herman Lodge Micro Loan Program is an enterprise fund used to account for revenues and expenses resulting from the operation of a micro revolving loan fund created by the Commission as a result of a Rural Enterprise Grant from USDA Rural Economic and Community Development.

Additionally, the Commission reports the following funds:

The Indirect Cost Fund (ICF) is an internal service fund used to account for indirect costs, payroll and fringe benefit payments and their allocation, and the receipt and disbursement of all the Commission's funds. Because these services predominantly benefit governmental rather than business-type functions, the Indirect Cost Fund is reported with governmental activities in the government-wide financial statements.

The Pension Trust Fund is a fiduciary fund used to account for the resources held for the benefit of participants in the Commission's money purchase pension plan.

Agency funds are custodial in nature and do not involve the measurement of operating results. The Commission uses an agency fund to account for assets it holds on behalf of others. The Flexible Compensation Plan Fund accounts for the funds withheld from employees' pay for the purposes of reimbursing them for uninsured medical costs and dependent care costs.

During the course of operations, the Commission has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

***E. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING***

***Government-wide, Proprietary and Fiduciary Fund Financial Statements*** – The government-wide, proprietary fund and fiduciary financial statements are reported using the economic resources measurement focus, except for agency funds which have no measurement focus. The government-wide, proprietary fund and fiduciary financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the Commission gives (or receives) value without directly receiving (or giving) equal value in exchange, include member assessments and donations. On an accrual basis, revenue from member assessments is recognized at July 1 of each fiscal year. Revenue from grants and reimbursable contracts is recognized when program expenditures are incurred in accordance with program guidelines.

Amounts reported as program revenues include charges for services provided and intergovernmental grants and contracts. General revenues include member assessments and interest income.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Commission's enterprise funds are charges to customers for sales and services and interest earned on program loans, as distinguished from interest earned on funds on deposit. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

***Governmental Fund Financial Statements*** – Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period. The Commission considers all revenues available if they are collected within 150 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for claims and judgments and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Revenues of the Commission's governmental funds susceptible to accrual are member assessments, interest, and the earned portion of grant and contracts. Grant and contract revenues are recognized when program expenditures are incurred in accordance with program guidelines. Such revenues are subject to review by the funding agency and may result in disallowance in subsequent periods. Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. It is the Commission's policy to first

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

apply cost-reimbursement grant resources, followed by local grants or contracts, and then by general revenues.

***F. CASH AND CASH EQUIVALENTS***

The Commission's Cash and Cash Equivalents are considered to be cash on hand, demand deposits with banks and other financial institutions, and the State investment pool that has the general characteristics of demand deposit accounts in that the Commission may deposit additional cash at any time and also may withdraw cash at any time without prior notice or penalty. See Note 3.A.

***G. INVESTMENTS***

Investments are reported at fair value. Fair value is determined as follows: short-term investments are reported at cost, which approximates fair value; securities traded on national exchanges are valued at current prices or current prices of similar securities; securities for which an established market does not exist are reported at estimated fair value using selling prices for similar investments for which there is an active market.

The Commission is authorized to invest in the following: obligations issued by the State of Georgia or by other states, obligations issued by the United States government, obligations fully insured or guaranteed by the United States government or a United States government agency, obligations of any corporation of the United States government, prime banker's acceptances, the Georgia Fund 1 administered by the State of Georgia, Office of the State Treasurer (OST), repurchase agreements, and obligations of other political subdivisions of the State of Georgia. Georgia's OST operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares. See Note 3.A.

The Commission does not have a formal policy regarding investment policies that address credit risks, custodial credit risks, concentration of credit risks, interest rate risks or foreign currency risks.

The pension trust fund is authorized to invest in securities consistent with the Employee Retirement Income Security Act of 1974 (ERISA) prudence and diversity of risk standards. The Pension Trust's investment in mutual funds involves the Commission indirectly in derivatives. However, information relating to the nature and purpose of the derivative transactions or the Commission's exposure to credit risk, market risk, and legal risk is not available.

***H. INVENTORIES AND PREPAID ITEMS***

Even though the Commission has some expendable supplies (e.g., office and computer supplies) on hand at June 30, the quantities and dollar values were not material. Accordingly, none is shown on the statement of net position at that date. The cost of supplies is recorded as expenditure at the time that the individual items are purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

***I. CAPITAL ASSETS***

Capital assets are defined by the Commission as assets with an initial, individual cost of more than \$2,500 and an estimated useful life in excess of one year. Purchased capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. Capital assets of the Commission consist of vehicles, furniture, fixtures, and equipment. The Commission has

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2014**

no public domain or infrastructure capital assets. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized.

Depreciation is computed using the straight-line method. A summary of the estimated useful lives is as follows:

Vehicles	4 – 5 years
Office Equipment	5 – 10 years
Computer equipment	3 – 7 years
Leasehold improvements	10 years

***J. COMPENSATED ABSENCES***

The Commission created Paid Time Off (PTO), effective July 1, 2002, to replace vacation and sick leave. The new policy allowed existing employees to retain their unused sick leave at June 30, 2002 and use as needed until exhausted. The paid time off policy of the Commission provides for the accumulation of up to four hundred hours of PTO at December 31. Hours accumulate at the rate of twelve to nineteen hours per month, depending upon the years of service. The employee's right to receive compensation for PTO vests bimonthly as earned and is used through paid time off or cash payment at termination or retirement. For the Commission's government-wide financial statements and proprietary fund financial statements, an expense and a liability for compensated absences and the salary-related payments are recorded as PTO is earned. The Commission has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

No accrual has been established for accumulated sick leave of employees since it is the Commission's policy to record the cost of sick leave only when it is used. However, at June 30 the value of unused sick leave was \$110,713.

***K. LONG TERM OBLIGATIONS***

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt is reported as a liability in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

***L. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES***

In addition to assets, the statement of financial net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The Commission does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of financial net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Commission does not have any items that qualify for reporting in this category.

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

***M. FUND EQUITY***

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned, or unassigned. Nonspendable fund balance cannot be spent because of its form or because it is legally or contractually required to be maintained intact. Restricted fund balance has limitations imposed by creditors, grantors, or contributors or by enabling legislation or constitutional provisions. Committed fund balance is a limitation imposed by the Council through approval of resolutions. Assigned fund balance is a limitation imposed by either Council or the executive director with the intent to be used for a specific purpose(s) and is neither restricted nor committed. Unassigned fund balance is the residual classification for the General Fund. Fund equity for all other reporting is classified as net position.

***N. DIRECT COSTS AND ALLOCATION OF INDIRECT COSTS AND EMPLOYEE BENEFITS***

Costs that can be identified specifically with a particular grant, contract, or project are considered direct costs and are charged directly to the applicable grant, contract, or project. Costs that are incurred for a common or joint purpose benefiting more than one program or activity are considered indirect costs.

Indirect costs are recorded in the ICF and allocated to all grants, contracts, and projects in accordance with Office of Management and Budget (OMB) Circular A-87. Recoveries of these costs are recorded as operating revenues in the ICF and as expenditures or expenses in the paying fund. Costs not considered allowable under the Commission's cost allocation plan are excluded from the cost allocation process and create an operating deficit in the fund. When this occurs funds are transferred from the General Fund to the ICF to cover the deficit created as the intent is for the fund to operate on a break even basis.

The Commission's indirect costs are allocated monthly to grants, contracts, and projects using direct chargeable personnel costs as the allocation base. Total indirect costs incurred by the Commission for the year were \$1,090,014. The allocation base of direct chargeable personnel costs was \$2,453,518; the effective indirect cost rate was 44.43%.

The Commission's employee benefits are also allocated monthly to grants, contracts, and projects as a percentage of salaries. The Commission incurred total fringe benefits of \$986,632 for the year. The allocation base of direct chargeable salaries was \$2,082,006; the effective fringe benefit rate was 47.39%.

The Commission maintains a cost allocation plan in support of its fringe benefit and indirect cost allocation methodologies.

***O. USE OF ESTIMATES***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amount of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

***A. BUDGETARY INFORMATION***

An internal operating budget for the general fund, special revenue fund, and internal service fund is prepared by the Commission for management purposes. The budget is not subject to review or approval by the Legislature of the State of Georgia and, therefore, is a nonappropriated budget.

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**B. BOUNDARY OF OPERATIONS**

The Official Code of Georgia (O.C.G.A.) § 50-8-32 provides that the Commission’s jurisdiction and authority is limited to defined regional boundaries as specified by O.C.G.A. § 50-8-4 and is denoted as Region 7.

However, the Georgia Department of Human Services (DHS), Division of Aging Services continues to recognize Screven County as being in the program service area of the Commission. Therefore, the Commission is required by the terms of its agreements with DHS to continue operating its Aging and Transportation programs in Screven County. O.C.G.A. § 50-8-35 (a)(2) provides that a commission may contract with any state agency for coordinated and comprehensive planning covering areas not within the territorial boundaries with approval of that contract by the regional commission’s council.

**NOTE 3 – DETAILED NOTES ON ALL FUNDS**

**A. DEPOSITS AND INVESTMENTS**

At June 30, the Commission’s cash and cash equivalents balance on the balance sheet included demand deposits and its investment in Georgia Fund 1. At June 30, the cash and investments included the following:

Primary Government - Commission		
General Fund		
Petty cash	\$	550
Cash held in brokerage account		<u>18,616</u>
Total General Fund		\$ 19,166
Internal Service Fund		
Petty cash	\$	50
Demand deposits		1,963,673
Georgia Fund 1		<u>5,058</u>
Total Internal Service Fund		<u>1,968,781</u>
Total Governmental Activities		<u><u>\$ 1,987,947</u></u>
Component Units		
Enterprise Funds		
Demand deposits		<u><u>\$ 2,227,611</u></u>

*Custodial credit risk – deposits.* Custodian credit risk is the risk that in the event of a bank failure, the Commission’s deposits or its CUs’ deposits may not be returned to it. Neither the government nor its CUs has a deposit policy for custodian risk. However, both the Commission and its CUs follow state law requiring pledges of collateral from depository institutions.

As of June 30, the carrying amount of the Commission’s deposits with financial institutions was \$1,982,289 and the bank balance was \$2,015,210. Of the bank balance, \$268,616 was covered by Federal depository insurance and \$1,746,594 was collateralized by securities in a Federal Reserve pledge account. Therefore, the Commission’s deposits are not subject to custodial credit risk.

As of June 30, the carrying amount of the CUs’ deposits with financial institutions was \$2,227,611 and the bank balance was \$2,230,159. Of the bank balance, \$750,000 was covered by Federal depository insurance and \$1,480,159 was collateralized by a group of securities pledged by a group of financial institutions for the purpose of providing common collateral for their deposits of public funds. The pool has the ability to make additional assessments. Therefore, the CUs’ deposits are not subject to custodial credit risk.

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

As of June 30, the Commission had the following investments.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Weighted Average Quality</u>	<u>Weighted Average Maturity</u>
<b>Primary Government:</b>			
<b>General Fund:</b>			
Fixed income mutual funds	\$ 788,994	Unrated	NA
Total General fund	<u>788,994</u>		
<b>Internal Service Fund:</b>			
Georgia Fund 1	\$ 5,052	AAAf	62 days
<b>Pension Trust Fund:</b>			
Money market mutual funds	\$ 69,774	Unrated	NA
Fixed income mutual funds	602,355	Unrated	NA
Balanced mutual funds	110,169	NA	NA
Lifestyle balanced mutual funds	4,226,946	NA	NA
Equity mutual funds	<u>2,443,135</u>	NA	NA
Total Pension Trust Fund	<u>7,452,379</u>		
Total investments	<u>\$ 8,246,425</u>		

**Interest rate risk.** Interest rate risk is the risk that changes in the interest rates of debt investments will adversely affect the fair value of investments. The Commission does not have formal policy for managing interest rate risk.

**Credit Quality Risk.** Credit quality risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The commission does not have a formal policy for managing custodial credit risk.

**Concentration of Credit Risk.** Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The Commission does not have a formal policy for managing concentration of credit risk.

**Custodial Credit Risk.** Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the Commission will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. The Commission does not have a formal policy for managing custodial credit risk. At June 30, 2013, \$7,452,379 of the Commission's applicable investments were uninsured and unregistered, with securities held by the counterparty's trust department or agent in the name of the Commission.

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**C. LOANS RECEIVABLE**

**Herman Lodge Micro Loan Program**

The Commission makes loans to eligible small businesses through its Micro Loan Program (MLP) Fund. The MLP has a loan portfolio of six notes with maturities ranging from 2 to 12 years and interest rates ranging from 2% to 7% with an average rate of 5.88%.

At June 30, MLP was not committed to any loans.

**Component Units:**

Loans are made to eligible small businesses through the Commission's Revolving Loan Programs known collectively CSRA Business Lending operated by the CSRA Resource Development Agency, Inc., the CSRA Local Development Corp. Inc., and the CSRA Rural Lending Authority, Inc.

The CSRA Resource Development Agency, Inc. has a loan portfolio of seventeen notes with maturities ranging from 2 years to 14 years and interest rates ranging from 2.50% to 8.00% with an average rate of 6.06%.

At June 30, CSRA Resource Development Agency, Inc. was committed to loan \$231,345.

The CSRA Local Development Corp., Inc. has a loan portfolio of eleven notes with maturities ranging from 1 to 17 years and interest rates ranging from 5.50% to 6.50% with an average rate of 6.11%.

At June 30, CSRA Local Development Corp., Inc. was committed to loan \$150,000.

The CSRA Rural Lending Authority, Inc. has a loan portfolio of twenty-nine notes with maturities ranging from 1 to 15 years and interest rates ranging from 2.75% to 7.00% with an average rate of 6.09%. All of these loans are assigned with recourse to the U. S. Department of Agriculture – Rural Development as collateral for the CSRA Rural Lending Authority, Inc. notes payable.

At June 30, CSRA Rural Lending Authority, Inc. was committed to loan \$172,000.

Allowance for Doubtful Accounts - The provision for doubtful accounts is considered adequate to provide for potential losses in the portfolio. Management's evaluation of the adequacy of the allowance is based on a review of individual loans, recent loss exposure, current economic conditions, risk characteristics of the borrowers, value of underlying collateral, and other factors. Management believes the allowances are adequate.

	Primary		Component Units		
	Government		CSRA Resource	CSRA Local	CSRA Rural

<b>Total Grants and Contracts Fund</b>	-	<b>1,317,986</b>
<b>Enterprise Fund:</b>		
Due from general fund - Herman Lodge MLP	13,031	-
<b>Total Enterprise Fund</b>	<b>13,031</b>	-
<b>Indirect Cost Fund:</b>		
Due to general fund	-	326,350
<b>Total Indirect Cost Fund</b>	-	<b>326,350</b>
<b>Total Primary Government</b>	<b>\$ 1,657,367</b>	<b>\$ 1,657,367</b>

The outstanding balances between funds result from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet of the fund financial statements and as "internal balances" on the statement of net position in the government-wide financial statements.

Interfund transfers:

Transfer Out:	Transfer In:			
	General Fund	Grants & Contracts Fund	Indirect Cost Fund	Total
General fund	\$ -	\$ 364,002	\$ 3,790	\$ 367,792
Grants & contracts fund	42,314	-	-	42,314
Indirect cost fund	25	-	-	25
<b>Total Transfers</b>	<b>\$ 42,339</b>	<b>\$ 364,002</b>	<b>\$ 3,790</b>	<b>\$ 410,131</b>

Transfers are used to 1) move unrestricted general funds to subsidize various activities whose operating cost exceeds revenues or as matching funds for various grant programs, 2) move the excess revenues from a fixed fee activity to the general fund, and 3) move interest earned in the indirect cost fund to the general fund. Local matching funds are shown as transfers from the general fund to the special revenue fund.

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**F. OPERATING LEASES**

The Commission has entered into certain agreements to lease real property and equipment that are classified as operating leases. These leases generally contain provisions that, at the expiration of the original term of the lease, the Commission has the option of renewing the lease.

The Commission occupies its administrative offices under an operating lease at an annual rate of \$9.96 per square foot, which is subject to annual increases not to exceed 3%. The Commission is also required to pay a common area maintenance fee of \$2.60 per square foot. The lease was amended September 22, 2007 changing the initial expiration date from December 31, 2010 to June 30, 2017, increasing the leased space from 8,625 square feet to 11,500 square feet. The lease is renewable annually.

The future minimum commitments for operating leases as of June 30 are:

<u>FY Ending</u>	<u>Real Estate</u>	<u>Equipment</u>
<u>June 30,</u>		
2015	114,528	32,793
2016	116,246	32,793
2017	117,990	30,730
2018	119,760	29,698
2019	-	18,045
	<u>\$ 468,524</u>	<u>\$ 144,059</u>

The Commission's expenses for property and equipment leases for the fiscal year are:

Real estate	\$ 114,530
Common area maintenance	29,827
Equipment	30,639
<b>Total</b>	<u><u>\$ 174,996</u></u>

**G. LONG-TERM OBLIGATIONS**

**1) Component Units – Notes Payable:**

Note 1: The Central Savannah River Area Rural Lending Authority, Inc. (CSRA RLA) borrowed \$1,000,000 from the U. S. Department of Agriculture, Rural Development (USDA RD) under a loan agreement dated October 30, 1991. Interest accrues at the rate of one percent (1%) per annum with payments of \$39,900 beginning January 1, 1994 and continuing until October 31, 2021.

Note 2: CSRA RLA executed a second loan agreement on July 26, 1994 with USDA RD to borrow an additional \$1,000,000. Interest accrues at the rate of one percent (1%) per annum with payments of \$39,900 beginning January 1, 1996 and continuing until July 26, 2024.

Note 3: The CSRA RLA executed an assumption agreement on July 31, 1998 with Georgia Department of Community Affairs f/k/a GHFA Economic Financing Inc. (DCA) and USDA RD conferring to the CSRA RLA the rights and obligations under the note dated May 26, 1994. The principal balance of the note on July 31, 1998 was \$1,918,935 and at that time, \$1,487,500 of the principal remained to draw. Interest accrues at the rate of one percent (1%) per annum with payments of \$84,900 beginning January 1, 2002 and

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

continuing until May 26, 2024. Prior to the assumption DCA received \$512,500 of the loan committed and repaid \$81,065. See G.2 Premium on Loan following.

Note 5: CSRA RLA executed a fifth agreement on June 26, 2001 with USDA RD to borrow an additional \$750,000. Interest only was due on the note for the first three years. Interest accrues at the rate of one percent (1%) per annum with payments of \$31,834 beginning June 26, 2005 and continuing until June 26, 2031.

Funds from these loans capitalized the Intermediary Relending Program (IRP) to provide a revolving loan fund for qualified borrowers. The CSRA RLA, Inc. has pledged as collateral the balance of all loans receivable resulting from the re-lending of the proceeds of these notes and all other real and personal property of the CSRA RLA, Inc.

**2) Component Units – Premium on assumption of USDA note:**

Premium on Loan (Note 3): As part of the assumption agreement, CSRA RLA assumed three loans made by DCA from the \$512,500 proceeds. The transaction resulted in the CSRA RLA paying a \$73,890 premium for the right to assume the loan from DCA. This premium is being amortized over the term of the note. This premium was what the CSRA RLA, Inc. paid to the DCA to assume the remaining proceeds on the original loan from USDA. This premium is not related to or part of the note agreement with USDA and therefore is not reported as a premium related to debt.

Value of loans receivable assumed from DCA at July 1, 1998	\$ 357,545
Loan proceeds remaining to draw on USDA loan at July 1, 1998	<u>1,487,500</u>
Value of assets assumed from DCA at July 1, 1998	1,845,045
Note payable obligation assumed from DCA	<u>(1,918,935)</u>
Premium on loan assumed	73,890
Accumulated amortization	<u>45,470</u>
Carrying value at year end	<u>\$ 28,420</u>

A summary of long-term debt activity follows:

***H. ACCOUNTING TREATMENT FOR 504 LOANS AND DEBENTURES***

SBA 504 loans and debentures are not presented in the financial statements of the CSRA LDC. As of June 30, the balance of 504 loans outstanding is \$85,670,035.

**NOTE 4 - OTHER INFORMATION**

***A. - MEMBER ASSESSMENTS***

The Commission records assessments from member counties and municipalities within the Commission's geographic region as general revenue in the general fund. Georgia law and the Commission's by-laws stipulate a mandatory annual local funding formula. Georgia law requires all local governments to be a member of a regional commission and to pay a minimum dues amount of \$.25 per capita. The Commission's by-laws require each member municipality and county to pay dues for membership based on the population within its political boundaries at the rate of one (1) dollar (\$1.00) per capita based upon the most recent estimate of population approved by the Georgia Department of Community Affairs. The population amount for each member is based on the 2010 census population figures.

During the twelve months ended June 30, the Commission collected \$453,279 dues from member counties and municipalities. Total dues assessed were \$454,901, \$901 was prepaid as of July 1, and \$721 was unpaid as of June 30.

***B. - RISK MANAGEMENT***

The Commission manages its risk from losses arising from physical damage to its assets as well as claims and judgments, which may arise from employees or others (including worker's compensation claims) through the purchase of commercial insurance. During the year ended June 30 there were no appreciable reductions in amounts or nature of coverage. In addition, there have been no losses, claims or judgments in excess of insurance coverage during the three-year period ended June 30. The Commission has no unsettled claims or judgments either from the current or prior fiscal years.

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**C. - CONTINGENT LIABILITIES (Possible unasserted claims)**

Use of federal, state and locally administered federal and other grant funds is subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. To the extent that such disallowances involve expenditures under subcontracted arrangements, the Commission generally has the right of recovery from such third parties. All of these third parties are either state or local government entities or non-profit sub recipients covered by the audit provisions of U. S. Office of Management and Budget (1997) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. The Circular requires sub recipients to have made periodic independent audits of their operations. Circular A-133 requires the Commission to obtain copies of such audits and permits the Commission to rely on such audits, if they meet the requirements of the Circular. Many audits for or including the year ended June 30 have not yet been performed. Accordingly, the Commission's compliance with this requirement will be established at some future date. The amount, if any, of sub recipient expenditures which may be disallowed by the Commission after reviewing these audits cannot be determined at this time although the Commission expects such amounts, if any, to be immaterial. Based upon prior experience and audit results, management believes that the Commission will not incur significant losses on possible grant disallowances.

**NOTE 5 – CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION PENSION PLAN (the Plan)**

The Commission's Council is the authority under which the Plan was established. All authority to make changes to the Plan documents, trustees, investment advisors, or change the rate of contributions is vested in the Commission's Council. Substantially all employees are covered by the Commission's single employer Plan, which is a defined contribution plan. All employees who have attained the age of twenty-one and completed one year of service are eligible to participate in the Plan. The Commission's contribution for each employee and earnings thereon are partially vested after two years of continuous service and fully vested after six years of continuous service. The Commission's contribution for, and interest forfeited by, employees who leave employment before becoming fully vested are allocated among eligible participants. The Commission is obligated to contribute 18% of each eligible employee's annual compensation and employees cannot make voluntary contributions. The Plan is qualified under Section 401(a) of the Internal Revenue Code and the Trust created by the Plan is exempt from tax under Section 501(a) of the Internal Revenue Code. The Plan assets contain no securities of or loans to the Commission or any other related party. The plan had fifty-two (52) participants. The Commission does not issue a separate report for this plan.

The Commission's total current-year payroll for all employees is \$2,398,389 of which \$2,179,278 is for employees covered by the Plan. The Commission contributed \$392,707 or 18% of the covered payroll into the Plan for the period ended June 30.

**CENTRAL SAVANNAH RIVER AREA REGIONAL COMMISSION  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
JUNE 30, 2014**

**(1) GENERAL**

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal assistance programs of the Central Savannah River Area Regional Commission (Commission). The Commission reporting entity is defined in Note 1.A of the basic financial statements. Federal assistance received directly from federal or state agencies, as well as federal financial assistance passed through state agencies, are included on the schedule.

**(2) BASIS OF ACCOUNTING**

Except as noted in 3 below the accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting, which is described in Note 1.C of the basic financial statements.

**(3) SPECIFIC TO ITEM ON SCHEDULE**

Note A - The reporting entity received a \$1,000,000 grant in a prior year to capitalize a revolving loan fund (RLF). All of the funds have been lent and the funds continue to revolve as payments are received. The expenditure of Federal awards is computed in accordance with the OMB A-133 Compliance Supplement for CFDA #11.307. The amount reported as Federal expenditures follows:

Balance of RLF loans outstanding at the end of the recipient's fiscal year		\$ 1,481,827
Cash and investment balance in the RLF at the end of the recipient's fiscal year		328,441
Administrative expenses paid out of RLF income during the recipient's fiscal year	\$ 104,287	
For the purposes of calculating federal expenditures, RLF recipients are not permitted to factor in an allowance for bad debt.	<u>(12,371)</u>	91,916
The unpaid principal of all loans written off during the recipient's fiscal year		<u>218,449</u>
 Expenditure of Federal Award CFDA #11.307		 <u>\$ 2,120,633</u>

Note B – The Central Savannah River Area Rural Lending Authority, Inc. (CSRA RLA) borrowed \$1,000,000 from the U. S. Department of Agriculture, Rural Development (USDA RD) under a loan agreement dated October 30, 1991. CSRA RLA executed a second loan agreement on July 26, 1994 with USDA RD to borrow an additional \$1,000,000. The CSRA RLA executed an assumption agreement on July 31, 1998 with Georgia Department of Community Affairs f/k/a GHFA Economic Financing Inc. (DCA) and USDA RD conferring to the CSRA RLA the rights and obligations under a note dated May 26, 1994. The principal balance of the note on July 31, 1998 was \$1,918,935. CSRA RLA executed a fourth agreement on December 13, 1999 with USDA RD to borrow an additional \$500,000. CSRA RLA executed a fifth agreement on June 26, 2001 with USDA RD to borrow an additional \$750,000. CSRA RLA borrowed a total of \$5,168,935 from USDA RD.

Prior to July 1, 2013, \$2,813,791 principal was repaid. For the year ended June 30, 2014, \$172,986 principal was paid. At June 30, 2014, \$2,182,158 remains outstanding.

**(4) NON-CASH AWARDS**

The Commission did not have any non-cash awards during the fiscal year.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

---

**To the Council Members  
Central Savannah River Area  
Regional Commission  
Augusta, Georgia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Central Savannah River Area Regional Commission (the "Commission"), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated November 26, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

---

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Mauldin & Jenkins, LLC*

Macon, Georgia  
November 26, 2014

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY OMB CIRCULAR A-133**

---

**To the Council Members  
Central Savannah River Area  
Regional Commission  
Augusta, Georgia**

**Report on Compliance for Each Major Federal Program**

We have audited the Central Savannah River Area Regional Commission's (the "Commission") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Commission's major federal programs for the year ended June 30, 2014. The Commission's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the Commission's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Commission's compliance.

***Opinion on Each Major Federal Program***

In our opinion, the Commission complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

---

## Report on Internal Control Over Compliance

Management of the Commission is responsible for establishing and maintaining effective internal control over compliance with the types of requirements referred to above. In planning and performing our audit of compliance, we considered the Commission's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
