Management's Responsibility for the Schedule

Management is responsible for the preparation and fair presentation of this schedule in accordance with accounting principles generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedule that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the schedule based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the Schedule of Nonpublic Funds of the Central Savannah River Area Local Development Corporation, Inc., a component unit of the Commission referred to above presents fairly, in all material respects, the beginning balance, revenue, expenditures, and ending balance of nonpublic funds for the year ended June 30, 2019, as required by the Official Code of Georgia Annotated, Section 50-8-35, in conformity with accounting principles generally accepted in the United States of America.

**NOTES TO THE SCHEDULE OF NONPUBLIC FUNDS
JUNE 30, 2019**

NOTE 1 - SCHEDULE OF NONPUBLIC FUNDS

The employees and representatives of CSRA Local Development Corp. Inc. (CSRA LDC), a component unit of the Central Savannah River Area Regional Commission, are authorized to expend nonpublic funds for the business meals and incidental expenses of bona fide industrial prospects and other persons who attend any meeting at their request to discuss the location or development of new business, industry, or tourism within the region of the Central Savannah River Area Regional Commission, in accordance with the Official Code of Georgia annotated, Section 50-8-35. State law defines nonpublic funds as the servicing fees that are received by a nonprofit corporation for administering federal or state revolving loan programs or loan packaging programs.

According to the Official Code of Georgia annotated, Section 50-80-35(f)(2), a schedule is required to be included within the annual audit of each nonprofit corporation which reports the beginning balance of unexpended nonpublic funds; the date, amount, and source of all receipts of nonpublic funds; the date, place purpose and persons for whom expenditures were made for all such expenditures of nonpublic funds; and the ending balance of unexpended nonpublic funds.

NOTE 2 - BASIS OF ACCOUNTING

The Schedule of Nonpublic Funds is prepared in accordance with the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The CSRA LDC expends all “public” funds (those funds not within the definition of “nonpublic” funds) first on operating costs with any remaining deficit coming from the “nonpublic funds”.
