---

Washington County will hold Pre-disaster Mitigation Committee Meeting on December 13, 2017 at 10:00 am at the Sandersville Fire Department, 125 Warthen Street, Sandersville, GA. Civic organizations, local businesses, and citizens of Washington County, as well as the cities of Davisboro, Deepstep, Harrison, Oconee, Riddleville, Sandersville and Tennille are encouraged to attend. Please contact Chief Russell Riner at 478-552-6233 if you have any questions.

I expect someone from every jurisdiction and agency to attend. I do not care he comes as long as someone comes. We need to have more in-kind match or the County will have pay the 6,000 out of their General Fund. I also need proof that your jurisdiction participated on the sign in sheets.

See you there

# Hospital Reports \$122,000 Loss for January

By Elizabeth Jordan  
News Editor

Washington County Regional Medical Center reported a net loss of \$122,497 for January, the fifth month of their fiscal year.

WCRMC's CEO/CFO Antoine Poythress explained that gross revenue for the month was \$5.79 million; he noted that this total was \$1.5 million above their budgeted numbers.

When discussing the reasons for the increase in gross revenue, Poythress stated the primary driver was the charge master increase (price increase).

"The overall objective is the increase in the charge master is to try to achieve a \$500,000 increase over the next 12 months," said Poythress. "It was necessary because we continue to lag behind our competitors as it relates to pricing."

Poythress stated that this is the second charge master increase the hospital has seen recently. The previous increase took place last year.

"This second increase is to facilitate a little bit more of a turnaround plan," said Poythress, noting that the "jump in revenue" for hospital related service primarily due to the charge master increase.

Poythress added that that the hospital's increase in patient volumes due to the flu season also helped with hos-

pital revenue.

"We had a major increase in ER visits due to the flu season," said Poythress. "During the flu season we did see a major increase in visits throughout the system as it relates to outpatients visits into the ER, into our Family Practice, and into our Peds Practice."

Poythress explained that the three locations (ER/Family Practice/Peds) had record patient volumes in January.

"It is strictly, 100 percent due to the flu season because after the season went, we saw the volumes drop back to the normal levels," said Poythress.

Revenue deductions for the month totaled \$4.04 million, which is the highest month the hospital has seen this fiscal year. Poythress explained that revenue deduc-

tions are at 69.82 percent of gross patient revenue.

"This is by far the highest percentage, but it's necessary due to the increase in the charge master," said Poythress.

CEO/CFO Poythress remarked that the hospital will not see additional money from the Medicare program with the charge master increase.

Board member Terry Jackson questioned Poythress about the average increase of the charge master; Poythress stated that it was a 30 percent increase (weighted average increase).

"The straight increase was very low to just a minor increase because we did lower the cost of some items we're not using," said Poythress.

Poythress continued by

saying that the weighted average increase is "a decent size increase" because they are items that the hospital is using.

Operating expenses for the month of January totaled \$1.889 million.

Poythress stated that the net loss for the month was \$122,497 (which includes the non-operating expenses associated with management fees from ERH Healthcare).

"Overall, it was a fairly good month," said Poythress. He added, "We're doing good and showing some sign of improvement."

The net loss for the five months of the fiscal year is \$1,222,409. The loss from routine operations for the fiscal year is \$1,392,474.

## Correction:

Last week's edition of The Sandersville Progress featured a chart showing the amended schedule of funding from the County to the Hospital (Washington County Regional Medical Center) based on the amended Intergovernmental Agreement that was signed by the Board of Commissioners on Mar. 8. While the funding amounts presented in the chart last week were correct, the dates listed for the distribution of the funds was incorrect. This week's chart depicts the correct schedule of funding, showing the schedule of funding while also comparing the previous agreement with the amended agreement.

## DO YOU NEED A HUNTER EDUCATION COURSE BEFORE TURKEY SEASON?

Submitted by Melissa Cummings

Do you need hunter education before you head to the woods? You have options! Hunters in need of the Georgia hunter

education course can choose to go completely online or attend a classroom course, according to the Georgia Department of Natural Resources' Wildlife Resources Division.

"In 2017, over 14,000 people completed the Georgia hunter education course – either online or in a classroom," says Jennifer Pittman, statewide hunter education administrator with the Wildlife Resources Division. "I am glad that we can continue to offer both classroom and online options, as it gives students a choice of what works best with their schedules, especially those with time constraints."

The four available online courses each require a fee (from \$9.95 - \$24.95) but all are "pass or don't pay" courses. Fees for these courses are charged by and collected by the independent course developer. The class-

room course is free of charge.

Completion of a hunter education course is required for any person born on or after January 1, 1961, who:

- purchases a season hunting license in Georgia.
- is at least 12 years old and hunts without adult supervision.
- hunts big game (deer, turkey, bear) on a wildlife management area.

The only exceptions include

any person who:

- purchases a short-term hunting license, such as the Apprentice License or the 3-day Hunting and Fishing Combo License (as opposed to a season license).
  - is hunting on his or her own land, or that of his or her parents or legal guardians.
- For more information, go to <http://georgiawildlife.com/hunting/hunteredcourse> or call 770-761-3010.
